Since 2011 the of reference point for people visiting Antigua

STINGRAY EXPERIENCE, BEACH AND CUISINE

Recommended by the newspaper **Times U.K.** as one of the 5 good reasons to visit Antigua.

In **Stingray City**, the city of stingrays, you can pet, photograph and feed these peaceful animals. We have the authorization to enter the water with you to assist you and **take photos**. They are not caged or captive, but free in their **natural habitat**. There's no need to worry: **you don't need to know how to swim** because in this natural shoal in the middle of the sea you reach a depth of **around 140 cm**. We will then continue towards the **Devil's Bridge**, a natural bridge carved into the rock. Then we will relax on the **beautiful Long Bay beach**, where it will also be possible **to snorkel**. We will have **lunch in a typical restaurant**, tasting local cuisine. After lunch we will have the opportunity to visit **Betty's Hope**: we will discover the history of the windmills that were used in the sugar cane plantations
Bottle of water included.

BEAUTIFUL CARIBBEAN BEACHES

Antigua is famous throughout the world for having **365 beaches: one for every day of the year**. In our 12 years of experience we have heard from our guests over and over again that of all the cruise ship stops, Antigua is the one with the most beautiful beaches of all. Then we couldn't help but offer a tour to discover some of the **most beautiful beaches on the Caribbean side**. The beaches we will visit will be 2 of the following: **Valley Church, Ffryes Beach** (the beach near the Cocobay resort), **Turners** (the beach of the Keyonna resort), **Jolly beach** (the beach of the hotel of the same name and the Cocos resort), or **Hemitage Bay**.
